'Wally' Willing To End King Romance

BESTED WALLY?

Senor Espil is said to be the only woman ever to vanquish Wally Simpson in the game of hearts. Eighteen years ago, then, Mrs. Courtney Letts Stillwell, she is said to have won from Mrs. Simpson the affections of Senor Felipe Espil, rich Argentine consul. Mrs. Stillwell later wed wealthy John Borden of Chicago, divorcing him in 1933 to wed Senor Espil.

CONDITION OF POPE IMPROVED

VATICAN CITY, Dec. 7.—(UP)—Pope Plus passed a comfortable night, a Vatican spokesman reported today.

Prof. Arminia Milani, his personal physician, visited him again today and found his condition "satisfactory."

Air of Optimism

An air of optimism was noticed at the Vatican as intimates' belief grew that the holy father would pass successfully the crisis raised by his swollen legs, complicated by asthma.

But they were worried about the pontiff's age. He is 79. At that age, it was feared, he might have a harder fight to overcome his present illness.

The Pope's physician prevailed on him to spend a week in bed. This, intimates said, the pope promised to do. Heretofore, his holiness has always objected to "giving in" to weariness or illness, as he has led an extremely active life.

Usual Routine Followed

A official of the papal building and maintenance department told the United Press:

"There was absolute calmness all night long at the Vatican. Everything followed its usual routine. I am positive the pope is not as seriously ill as is generally believed."

The population of Desio, the pope's home town, were eagerly following every report of his illness. The populace flocked to churches to pray for his recovery.

ALEXANDER HURSH TAKEN TO HOSPITAL

TACOMA, Wash., Dec. 7.—(UP)—Alexander Hursh, for the last four years convict editor of the McNeil Island prison paper, "The Lantern," and one time promoter of the "Ranmola" land scheme in Riverside, Calif., has been transferred to the federal prison hospital at Springfield, Mo., in a serious condition from tuberculosis, it was learned today.

Hursh was committed to McNeil in 1932 on a 12-year sentence in the mail-fraud case, and was to become eligible for parole this winter. His transfer to Springfield will remove his parole right, officials said, because no convict in the hospital is considered eligible for release.

U. S. TO ASK HALL INDICTMENT DEC. 9

LOS ANGELES, Dec. 7.—(UP)—Federal agents will go before the grand jury Wednesday and seek an indictment against James F. Hall, young sailor-musician, trapped in an asserted attempt to extort \$5000 from Ginger Rogers, dancing film star.

U. S. District Attorney Pierson M. Hall said he would ask that Hall be held under a high bail, pending trial. Since his arrest Saturday in a Long Beach cafe, he has been held in the county jail in default of \$25,000 bond.

Agents said Hall confessed writing two notes to Ginger, threatening her with death unless she parted with the money.

in Commons Today

CANNES, France, Dec. 7.—(UP)—Lord Brownlow issued a statement tonight on behalf of Mrs. Wallis Simpson, announcing that she is willing to efface herself from the British crisis, because she does not want to hurt the king or the throne.

Friend of King

Lord Brownlow is a member of the king's intimate circle of friends and has been closely associated with him and Mrs. Simpson.

He issued his announcement as an official statement by Mrs. Simpson.

The official statement he said, follows:

"Mrs. Simpson throughout the last few weeks invariably wished to avoid any action or proposal which would hurt or damage his majesty or the throne.

Attitude Unchanged

"Today, her attitude is unchanged and she is willing, if such action would solve the problem, to withdraw forthwith from the situation that has rendered the position of both unhappy and untenable."

Lord Brownlow made his statement at the Hotel Majestic to the reporters who have been camping in a vigilante siege of the Rogers villa in the cold and rain. He emphasized that it was the first statement so far made by Mrs. Simpson.

**BELIEVE STATEMENT GIVEN
ON AUTHORITY OF KING**

PARIS, Dec. 7.—(UP)—British official circles here said tonight Lord Brownlow would have issued his statement from Mrs. Simpson on authority of the king.

Therefore, they deduced it was possible the king and Mrs. Simpson had agreed not to marry.

**DECLARER GOVERNMENT
GIVE KING CO-OPERATION**

LONDON, Dec. 7.—(UP)—Prime Minister Stanley Baldwin informed the house of commons today that the next move in the crisis caused by the king's determination to marry Mrs. Wallis Simpson is up to the king.

Wait for Decision

When His Majesty makes a decision Baldwin said, the governments of Great Britain and the Dominions will act.

Baldwin thus avoided putting the government in the position of stamping the king into hasty and ill-considered action.

The government, he said, would give the king "the fullest opportunity of weighing the decision which so directly involves his own future happiness and the interests of his subjects."

The prime minister warned, however, that prolongation of the present uncertainty would involve

MRS. SEWELL WEDS FOR FOURTH TIME

LAS VEGAS, Nev., Dec. 7.—(UP)—Mrs. Leah Clappitt Sewell, a principal in the widely publicized Emerson-Sewell wife-trading case which ended in divorce courts, started a fourth marital venture today.

She was married last night to Charles R. B. Kaley of Beverly Hills, Cal., after flying from Los Angeles. She was here last in October, 1935, when she was granted a divorce from Sewell, heir to a \$14,000,000 share in the Guggenheim copper estate.

She has figured in 11 marital litigations. One of them involved Sewell and Walter W. Emerson and his wife, Jane Scholtz Emerson. The episode included a trade of wives between Sewell and Emerson and resultant divorce actions and multiple alienation of affections suits. Sewell is now married to the former Mrs. Emerson.

Gulda's aggregate may be lifted to 283. Even so he still would hold a two-stroke lead over his nearest rival, Horton Smith.

The biggest "blow-up" of the day was recorded by Lawson Little who, after going out in sub-par 34, and climbing within two strokes of Gulda, went to pieces and returned in 42, six over par.

Smith's second place was worth \$1250, and Gene Sarazen and Harold McSpaden split third and fourth money totaling \$1750.

U. S. SHIPS SAIL SOON

MARE ISLAND, Calif., Dec. 7.—(UP)—The U. S. S. Tucalooosa will leave here tomorrow to join the fleet at San Diego, officials of the navy base here reported today.

The Tucalooosa will be followed by the Dewey, Farragut, Hull, Worden and Litchfield, sailing on December 15, while the cruiser San Francisco will leave for San Pedro December 21 and the submarine Cuttlefish will leave for San Diego December 23.

Machine Solves Algebra Problems

CAMBRIDGE, Mass., Dec. 7.—(UP)—A mathematical machine weighing a ton and capable of solving intricate algebraic problems has been developed at Massachusetts Institute of Technology.

The machine, said to be capable of solving nine simultaneous linear algebraic equations involving nine unknowns, was designed and built by Dr. John B. Wilbur of the civil engineering department.

Institute officials said the "simultaneous" calculator, designed for simple solution of complex mathematical engineering problems such as those arising in the building of skyscrapers and bridges, probably would save days of calculation in the ordinary manner.

FEDERAL RELIEF COSTS FOR FISCAL YEAR SHOW BIG GAIN

WASHINGTON, Dec. 7.—(UP)—Federal unemployment relief has cost the government almost twice as much thus far this fiscal year as during the same 1935 period, U. S. treasury figures showed today.

The statistics, revealing that the government has spent \$92,056,002 during the five months since July 1 compared to \$52,159,029 for the corresponding 1935 period, caused the administration to pare work-relief rolls wherever possible.

A reduction of 429,000 persons already has been ordered. Further cuts are expected despite concerted protests from the U. S. Conference of Mayors and organized W.P.A. workers.

With relief rolls an estimated 16 per cent below last year, the government spent \$204,640,888 for unemployment aid last month compared to \$142,484,456 for November, 1935.

F. D. R. TO REACH TRINIDAD FRIDAY

ABOARD U. S. S. CHESTER, Dec. 7.—(UP)—President Roosevelt, on his way home from his South American peace cruise, will reach Port Au Spain, Trinidad, on the cruiser Indianapolis Friday.

While the Indianapolis and its escort, the cruiser Chester, are refueling, Mr. Roosevelt will go ashore for a motor tour of the island, and repay official calls of British officials.

SEATTLE, Dec. 7.—(UP)—Wheels of United States army's newest and largest bombing plane locked in landing today after a test flight, and the 16-ton flying fortress nosed over, smashing its forward cockpit and four propellers. None of the crew was injured.

The massive ship, fastest and longest-range bomber in the world, was built by the Boeing Aircraft company, and was the first of 13 under construction.

BRITISH PUBLIC ASTOUNDED BY HEADLINE

In this scare headline, the British public was told, for the first time, by a newspaper, of the romance of King Edward VIII and Mrs. Wallis Simpson and the crisis it provoked in British government. Thousands of Britons who never heard of the ex-Baltimore beauty thus were astounded, when the tabloid London Daily Mirror splashed the story across its front page, as shown in this radiophoto. In addition to the king's picture, the Mirror carried a picture of Mrs. Simpson. London newspapers previously had not mentioned the name of the monarch's friend in their stories, giving only vague information of a "grave issue" being discussed by the king and the cabinet.

SAN FRANCISCO, Dec. 7.—(UP)—

Steamship companies and striking maritime unionists, whose gigantic endurance contest threatens a holiday economic depression—rather than prosperity—on the Pacific coast, today engaged in a battle of words in an attempt to gain public favor for their respective sides.

PLAN MASS MEETINGS

Reams of publicity, scores of speeches, demonstrations, parades, and mass meetings were included in the disputants' campaign to secure the weight of public opinion in a strike which has tied up 230 ships, thrown \$90,000 men out of work and incurred a paper loss of nearly \$100,000,000.

PRESBYTERIANS ACT TONIGHT ON BUILDING PLAN

Members of a building committee are forward rapidly with plans for the construction of a new \$50,000 First Presbyterian church of Santa Ana, will be named tonight at a meeting of the official boards of the church.

Everything was in readiness for the session, following the announcement last Thursday by the Rev. O. Scott McFarland, pastor of the church, of the completion of plans for the new edifice. The new sanctuary of worship will be erected on the present site of the old building at Sixth and Sycamore streets.

The new building committee will be expected to employ an architect within the next few days, while the finance committee will take care of all financial problems connected with the more than \$37,500 in pledges that have been made to the institution.

Actual work on the excavation of the church grounds, and on the inside of the building, is expected to get under way by the latter part of January.

ELKS' FATHERS AND SONS MEET TUESDAY

Elaborate plans for the annual Fathers' and Sons' Night of Santa Ana, B. P. O. E. No. 784, to be staged at the club, 512 North Sycamore street, at 8:30 p. m. Tuesday, were completed this morning. John Motry, exalted ruler of the organization, announced.

John Miller, chairman of the entertainment committee, submitted a full report on the program, the main feature of which will be a movie presentation. More than 200 members, sons and guests are expected to attend the fete.

The regular session of the lodge will be at 8 p. m. Tuesday, and the general program will start immediately afterwards.

After the movie show and brief talk, a special luncheon will be served.

EIGHTEEN INJURED IN 13 ACCIDENTS OVER WEEKEND

Eighteen persons were injured in Orange county traffic during the week end, as 13 vehicular collisions were reported to police and hospital authorities.

Michael Dorcus, 72, who has been living in the river bottom near Orange, is at county hospital with rib fracture and possible shoulder fracture, the result of a strange accident Saturday afternoon in Orange on West Chapman at Batavia. The wheel of a car operated by Paul Van Dusen, 21, 504 North Glassell, Orange, locked and hurtled the car over the curbing and onto the sidewalk, where Dorcus was walking. The car overturned, injuring Van Dusen and Marjorie Lamp, 19, Santa Ana, his companion, who were treated at St. Joseph hospital.

Skull Fractured

Clifford Crane, 20, Westminster, was transferred from county hospital to St. Joseph, after a Saturday afternoon accident in which he suffered possible skull fracture and internal injuries. Attendants said his condition is "good" today. Emma G. Stanley, Anaheim, riding with Uier Cullen, Anaheim, yesterday afternoon on Broadway at Clementine, was cut and bruised as the Cullen car collided with another operated by an unidentified person.

Wilmer E. Evans, 52, Midway City, was jailed on drunk driving charge Saturday evening after his car collided with one operated by Raymond Maurer, 43, Long Beach, at Ocean avenue and Huntington Beach boulevard, two miles west of Garden Grove; no one was injured. California highway officers were told. About the same time, at the West Fifth street bridge, cars driven by Ralph Espino, 34, 1821 West Third, Santa Ana, and Cesarino Pinon, 28, Garden Grove, collided with injuries to Pinon and Al Sheetz, 36, West Second, Santa Ana. Emil Hans Jensen, 38, 702 South Olive, Anaheim, whose tow car was parked in the roadway near the bridge without flares, was ticketed by California highway officers.

Deputy District Atty. Clarence Sprague, 1920 Victoria drive, reported to the local California highway patrol office that he was hacking from an angle-parking place in Huntington Park Saturday evening when another car struck his. The other driver continued on without stopping.

Car Overturns

Yesterday afternoon, the car of Carrie Boege, 50, 1207 West Center, Anaheim, overturned at Placentia and Orangeborpe, west of Placentia, when it collided with a car operated by Rose Phillips, 46, Los Angeles, and Mrs. Boege and 13-year-old Margaret Boege, were injured. They were taken to Fullerton general hospital. Edward A. Rogers, 28, Garden Grove, whose car collided with the Clifford Crane car last evening at Katella and Hester roads, was treated at county hospital for cuts on hands and face.

Esther Zornos, 8, 1425 West Sixth, received a broken leg yesterday near 1310 West Fifth, when her bicycle collided with a car driven by James B. Davis, 25.

KEN Murray SAYS:

NEW YORK. December 7.—Those suave British statesmen seem to be having a battle on their hands with Cupid, when you read that John Bull's cabinet has even gone so far as to warn King Edward that they would bitterly oppose his anticipated marriage . . . Poor Wally! It certainly must be tough to have a Cabinet for a prospective mother-in-law.

With all this sort of thing going on, I imagine the King is singing that old song about "I Don't Want To Make History! I Just Want To Make Love!"

There's one thing about the good old U.S.A. . . . Our presidents can be glad, that, anyway, the Supreme Court doesn't interfere with their domestic relations.

And another thing in favor of your Uncle Sam is that, over here, everybody is considered to be created equal . . . or at least until after the marriage.

Route 3, Santa Ana. She was taken to St. Joseph hospital. The little Canter child was slightly bruised yesterday as cars operated by Mrs. M. Carter, 335 English, and Richard Porter, 424 West Pine, collided at Washington and Bristol. A truck operated by Rita De La Riva, 27, 1906 West Second, collided yesterday morning at First and Main with a car operated by Sherman Anderson, 50, Tustin. Felipe De La Riva, 70, and Beatrice De La Riva, 9, were cut. Rita was ticketed for having no driver's license.

**Nearly \$2,000,000
COLLECTED IN TAXES**

Total tax collections amounting to \$1,728,022.77 now credited on the books of County Tax Collector, J. C. Lamb do not represent total payments made up to the deadline for first-installment taxes Saturday, Lamb's office stated today.

A great number of the larger tax payments remain unpaid in the tax collector's office, where a huge pile of mail accumulated during the last week-end, it was stated. It will require about a week's time to work through this mail, so that the total collections will not be known until then, it was explained.

It is anticipated that the total will be found to exceed 60 per cent of the total tax charge, which is \$4,527,698.50.

of power to private persons, pointing out the law did not prohibit to set prices.

Commodity Plus Brand

"We are here dealing not with a commodity alone," the court said, "but with a commodity plus the brand or trade mark which it bears as evidence of its origin and of the quality of the commodity for which the brand or trade mark stands.

"Appellants own the commodity; they do not own the mark or the good will that the mark symbolizes. And good will is property in a very real sense, injury to which, like injury to any other species of property is a proper subject for legislation.

"Good will is a valuable contributing aid to business—sometimes the most valuable contributing asset of the producer or distributor of commodities.

"It is well settled that the proprietor of the good will is entitled to protections as against one who attempts to deprive him of the benefits resulting from the same."

Facts Reviewed

In its opinion upholding the California act, the court merely concurred in the facts involved in the case and concluded.

"The facts involved are substantially the same as those which were present in the two suits involved in the old Dearborn Distributing company case; and upon that authority, the decree entered in the court below are affirmed."

Because of widespread interest in the case, the National Association of Retail Druggists, the American Booksellers association, and the Ohio State Pharmaceutical association intervened as "friends of the court" in support of the law. R. H. Macy and Company, New York retailers, intervened against it.

Oil, Cosmetics Involved

The California cases involved the sale of a trademarked lubricating oil by a chain cutrate automobile accessory dealer, and the sale of a trademarked line of cosmetics by a Beverly Hills druggist.

The Illinois cases grew out of the cut rate sales of two popular brands of whiskeys.

CALIFORNIA'S TRADE ACT PASSED IN 1931

SACRAMENTO, Cal., Dec. 7.—(UPI)—California's "fair trade act" upheld today by the United States supreme court, originally was passed in 1931, and amended in 1933.

The 1933 amendment was the section under attack in the case before the supreme court. It provided:

"Wilfully and knowingly advertising, offering for sale or selling any commodity at less than the price stipulated in any contract entered into pursuant to the provision of section 1 of this act whether the person so advertising, offering, for sale or selling is or is not a party to such contract, is unfair competition and is actionable by the suit of any person damaged thereby."

Young Robert Williams, aged 6, of Anaheim, hobbled into Superior Judge H. G. Ames' court on a pair of tiny crutches, to get approval of a compromise settlement of \$750 from Mrs. E. A. Miller, for a broken leg the boy received in an Anaheim traffic accident.

His father, James Williams, nor his attorney, B. Z. McKinney, knew exact details of the accident, but the judge called Robert to the bench, to find out about it.

"Here," said the judge, "sit on my lap and tell me all about it." Bobby climbed confidently to the judicial knee and surveyed the courtroom from this vantage point with evident relish.

"You see," he said, "it was like this. I was out in the street, see. And the car was backing up, see. And I bent over, see. And the car hit me, see."

"Did it hurt?" the court asked sympathetically.

"Did it hurt?" echoed Bobby.

"Of course, it hurt."

The settlement was approved.

DEATH NOTICES

A WORD OF COMFORT
Character has been defined as a rightly fashioned will to do your desire to see that man is sincere. You wish to be as brave and fine and strong as your dear one expects you to be. You grow weary and discouraged when you seem so constantly to fail.

Look up and lift up your heart. You are no judge of your progress. It is the effort which counts. Because you keep on trying, your will is really strong; your character is being formed; you are becoming what you yearn to be. Keep your crown.

RUDOLPH—Mrs. Catherine Rudolph, 75, yesterday, at her home, 429 South Glassell street, Orange. She is survived by one sister, Mrs. Flora Hitchcock of Sandusky, Ohio. General arrangements are in charge of the Olylon funeral establishment and details will be announced later.

POAGE—John H. Poage, 1834 South Glassell street, Orange, Saturday, December 6, 1936, the deceased had been a resident of Orange for the past year. He is survived by one sister, Miss Jennie R. Poage. Funeral services are to be held tomorrow at 10 a.m. at the Inter-Coffee House, Orange, and interment will be made in the family plot at Pomona.

STREET—In Los Angeles, December 6, Mrs. Ada Howe street, aged 68 years, wife of William Street, Compton, Cal., and cousin of Mrs. Lotta Gressler, 82, Longwood. Funeral services will be held Wednesday, December 3, at 2 o'clock, at the Winbiger Mortuary chapel, 601 North Main street, Cypress Hill, Palms Haven Cemetery. Mrs. Street was a niece of the late James T. Smith, and formerly lived in Santa Ana.

VAN FOSSEN—At his residence, 123 Occidental street, Santa Ana, Gards, December 6, 1936, Reginald Emil Van Fossen, aged 30 years. Husband of Mrs. Willotta Van Fosson. He is also survived by two daughters, Evelyn and Maxine of Santa Ana, and his son, Mr. and Mrs. Roy Van Fosson, of Columbia, Missouri; three brothers, Wilson, Alva and Layton Van Fosson of Neosoma, Kansas, and one sister, Mrs. Anna G. Gressler, of Columbia, Missouri. Funeral services will be held at the Brown and Wagner Funeral home, 118 West Seventeenth street, tomorrow, Tuesday, December 10, at 10 a.m. The Rev. Ide L. Ewing officiating. Interment in Santa Ana cemetery.

JAIL SENTENCE SET ASIDE: MAN SENT TO PRISON

General HUGH S. JOHNSON

Discovery that M. A. McCourt, sentenced last Friday to six months in the county jail on a charge of check forgery, had a long police record of forgery, including two prior terms in state and federal penal institutions, caused Superior Judge James L. Allen to set aside his jail sentence and send him to Folsom penitentiary for a term of from one to 14 years.

McCourt, in court last Friday, took care not to ask for probation, and quietly pleaded guilty, hoping that his earlier record would not be uncovered. He got the jail sentence and congratulated himself on his successful strategy.

Then, several hours later, a court bailiff came to his cell and told him he was wanted back in court again.

"They've got me," the prisoner ejaculated.

They had, indeed. Judge Allen's suspicions had been aroused, and investigation showed that McCourt had served in the Washington state reformatory in 1918 for forgery, and served two years at the federal prison on McNeil's Island for forgery, starting in 1916. He was arrested several other times on forgery charges, and now is wanted in two other California cities, Oakland and Los Angeles, for similar offenses.

JAYSEE PLANS FOR HOME COMING AT VILLA PARK MEET

Plans for an annual Santa Ana Junior college home-coming day were discussed at a meeting of the Alumni Association officers at Ray St. Clair's home, Villa Park, Friday.

The possibility of offering alumni of the institution season tickets to football games also was brought up. Plans were formulated for the annual Christmas dance Friday, Dec. 18, to be held at the Huntington Beach Municipal auditorium.

Jack Gould, president, presided at the meeting. Plans for contracting alumni members also were discussed following the regular business meeting.

Mrs. Violet Bartholomew, permanent secretary of the association, was instructed to collect dues for the current year.

Two men who pleaded guilty to charges of drunk driving and two, who pleaded guilty to charges of speeding, were fined by City Judge J. G. Mitchell Saturday. Joseph J. Looney, 309 Oak street, and Robert C. Rey, 419 North Parton, were fined \$150 each for drunk driving and Ralph Starks, Los Angeles, and Henry Dantona, Pasadena, \$6 each for speeding. Looney was committed to county jail in lieu of payment.

Irene G. Blower paid \$2 for parking too near a fire hydrant, and Joe Torres the same for jumping boulevard-stop sign.

RED CROSS DRIVE FOR NEW MEMBERS PASSES 1935 MARK

"Membership roll call is nearing a satisfactory completion. All outlying areas or branches excepting two have reported goals reached or exceeded with more memberships to come in, while Santa Ana returns are the best for years," announced Donald Jerome, chairman of roll call membership in his campaign report made Friday afternoon to the board of directors and executive committee of the Santa Ana chapter American Red Cross.

More than 1300 memberships are inaugurated by the chapter. Miss Ada O'Brian of Santa Ana is studying Braille under the direction of Miss Bessie Sawyer of Orange, who is a Red Cross instructor of Braille. The purchase of the Braille slate, the paper and other expenses will be borne by the chapter, since Miss O'Brian wishes to become a volunteer teacher for the chapter.

Information about the landslides at Juneau, Alaska; also the rebuilding of 80 temporary homes at Bandon, Oregon, the scene of a fire recently, was given in letters from the Pacific branch office in San Francisco.

Harry Edwards, chairman of first aid, presented the applications of William Walter of Laguna Beach, James F. McWilliams and Jules Renfer, Santa Ana, for re-appointment as first aid instructors. Their applications will be sent to the national organization with the chapter's approval.

The chapter is also recommending the re-appointment of William Walter and George Bronner of Laguna Beach and Miss Margaret Glenn as life saving examiners. Miss Glenn, chairman of life saving, reported certificates for one junior life saver and seven senior life savers at Huntington Beach High school had been received. She stated this is the first class of life savers to pass tests in that school.

The class was taught by Edwin Elliott, physical education instructor, who is a Red Cross life saving examiner for the chapter.

Harold Terwilliger, national field representative in first aid and life saving, will be in the local chapter on December 7 and 8 to assist Mr. Edwards and Miss Glenn in the further development of the first aid and life saving services.

Completion of the 1937 quota of garments for hospitals was reported by Mrs. Carrie Leebrock, production chairman. The garments will be shipped to the Pacific Branch office in San Francisco, and from there will be distributed to various government hospitals.

The co-operation of the schools in the recent self-inspection of homes for accident hazards, was reported by George T. De Doulac, chairman of the home and farm accident prevention committee.

Braille transcribing is announced as a new volunteer service recently

Police News

An automobile and a bicycle, reported stolen during the weekend, both were recovered here and returned to their owners, police reports show. S. Medina, 1322 West Pine, said his car was stolen Saturday night from the 400-Block, West Fourth; later it was found at 1548 West Fourth, recovered, Eugene Ferguson, 409 East Fourth, recovered the bicycle he reported was stolen Saturday afternoon.

John A. Harvey complained to city police Saturday night that the bicycles left adjacent to the theater in the 200-block, North Main, have been scratching the marble walls there. Officers Paul Cozad and L. C. Snodgrass moved the bicycles; a further checkup regarding the parking of the bicycles, is being made.

Prowlers near the homes of Mrs. J. C. Dick, 1305 South Ross, and Lee Whittaker, 128 North Lyon, had fled when city police arrived at the place to investigate.

Mrs. Rose Ealey, Negress living at 1809 West Second, complained Saturday evening to city police, that someone was either going to blow up or set fire to her home, or so she was informed. Officers Hunter Leach and W. E. B. Sherrwood investigated but were unable to learn of anyone who intended to harm the Ealey property.

On report of Guy Bright, 1401 East First, Saturday afternoon, that Morris Stockton, 1211 East First, had killed the Bright bulldog with a hammer, Officers Charles W. Wolford and W. B. Moreland went to the scene but found the dog had only been knocked unconscious.

Stockton said the dog attempted to bite him while he was fixing his shrubbery and he struck in self defense. When Bright said he would get a complaint against Stockton, Stockton said, "If he does, I'll get one out against him for disturbing the peace because he cussed in front of my wife." No complaints were filed this morning. The bulldog is improving.

FOUR CALLED SIGNALS

The University of Chicago's football team was directed by four field generals this year. The passer called all aerial plays; an end directed signals on all flanker plays; a center directed the remainder of offensive formations, and the right halfback handled the calling of defensive signals.

Wind velocity yesterday averaged 1 m.p.h., according to records at the Santa Ana Junior college meteorological station. Temperatures ranged from 37 at 6 a. m. to 71 at 3 p. m. Relative humidity was 29 per cent at 4 p. m.

ANTI-DANA ELEMENT STILLED AT MEETING

Club No. 5 will meet at the Lincoln school, Fifteenth and French streets, Tuesday evening at 7:30 o'clock. Harry Westover will be the speaker.

E. Robb of Santa Ana will be the speaker at the meeting of the Buena Park Townsend club Tuesday evening at the Congregational church. A 6:30 o'clock covered dish dinner will precede the business and program meeting. Mrs. C. W. Wahl is chairman of the hostess committee. Interested visitors have been invited to attend the dinner and meeting.

Club No. 5 will hold no meeting Tuesday evening as all members are urged to attend the mass meeting at Townsend hall, 509 West Fourth street.

SHIP WALKOUT ALTERS MENUS OF HAWAIIANS

HONOLULU. (UP)—With the Pacific maritime strike having cut off fall food supply from the mainland and other countries, Mrs. Caroline W. Edwards, home economics supervisor of the territorial schools, has begun a series of consultations with school cafeteria managers to provide menus based entirely on Island products.

Mrs. Edwards proposes to demonstrate that the islands are self-sufficient as regards all necessary foods, despite habits that have been developed of counting on foreign food supplies.

"The emergency is in the choice of things to eat rather than in the amount of food," she points out. "I don't foresee any difficulty in maintaining a plentiful supply of healthful, wholesome island foods, regardless of any blockade of food-stuffs from other parts of America."

"We can do without mainland fruits and vegetables by concentrating on Island products. Our foods here are possibly better vitamin carriers than many of the products of the mainland. We can always prepare a well balanced meal from what we grow and have available on the islands."

Salmon do not return to their birthplace to spawn because of sentimental reasons, but because there is more oxygen in the stream at its source, and the young need this.

HOLLYWOOD, Dec. 7. — Idle chatter: A Christmas wish: That Bing Crosby will again sing "Silent Night" on his Christmas Eve radio show. Joan Crawford makes her stand-in act out every scene, so she may see how she (Joan) will look on-screen. Jack Oakie's crushing greeting to a hated studio official: "What's on your mind—if I may exaggerate?" Bob Burns moved from his widely publicized \$32.50 flat into a bungalow because he could find no peace in the place where his wife recently died. Comparisons in speed: Sonja Henie on ice skates, Eleanor Powell in dance shoes.

Proof that Jackie Coogan is grown up: On his desk, a picture of himself as "The Kid" (made in 1920) and a pipe. So many stars like to kick off their shoes and play closeups in stocking feet. Peas from the same pod: Francine Larrimore and Wynne Gibson. His picture career now slowed to a walk (he has outgrown boys parts), Jackie Cooper by his own request is attending public, instead of private school. Navy gunboat captains, attention: Babe Hardy wears size 12 EE shoes.

Preston Foster takes his singing instructor on yachting trips, but not for lessons; the teacher is a swell cook. Critic's comment: I never expect to read: "Ned Sparks' sour-pun comedy was unfunny." Lloyd Nolan's prematurely gray hair is a shock on first meeting. It photographs dark blond. Talullah Bankhead has resorted to the same pineapple-and-lamb-chop diet for 15 years (how she must love both by now). Frieda Innescourt is giving Ginger Rogers a run for that "man attractor" title.

I thought I knew every road to screen stardom, but I have just found another route. Not long ago two amateur photographers obtained release of a mongrel dog from the city pound and turned it loose. They followed its ensuing adventures with a 16-mm. home camera, and after developing the film took it to Pete Smith, who makes comical one-reel subjects. Smith was so amused by the picture the two amateurs had produced that he not only bought it, but also put their dog under contract. The mutt is to be given opportunities in other movies. In the Horatio Alger manner: From Dog Pound to Dog Star.

Yesterday I dropped in to eat one lunch while 303-pound Babe Hardy ate two. Luncheon finished, I accepted Babe's invitation to watch him and Stan Laurel dub dialogue in five languages for one of their recent comedies. Neither Babe nor Stan speaks any tongue but English, so the dub-

HUNDREDS OF LOCAL MEN AT FARM MEETING

With hundreds in attendance from Santa Ana and Orange county representative farm groups and organizations, R. W. Blackburn, president of the California Farm Bureau federation, this morning opened the eighteenth annual convention in Pasadena with his annual message.

Blackburn, among other things important to the future of farming in California, declared that both agriculture and labor have a mutual paramount interest in the solution of the problems of distribution, and that this solution is the key to the preservation of the safety and security of the nation.

CLOSE UP GAP

The wider the gap between production and consumption, Blackburn said, the greater the penal-

ties is done parrot-fashion. Instructors in French, German, Spanish, Russian and Italian teach the comedians dialogue by sound. Babe told me that for six years he has thus talked several languages for dozens of comedies without once knowing what he was saying.

ties placed on both agriculture and labor.

Blackburn spoke before thousands in the Pasadena municipal auditorium, where also gathered officials and members of the American Farm Bureau federation, whose annual parley opens Tuesday night, and the members of the Associated Women of the American federation.

"This gap between production and consumption," Blackburn said, "must be closed. Upon the elimination of distributive tolls between production and consumption, depends more than mere financial enhancement of agriculture and labor. The very safety, sanity, and security of the nation are involved."

ECONOMIC DISPARITIES

In a ringing plea to farmers to organize themselves under the banner of the farm bureau, he called attention to the fact that economic disparities, which have grown out of inequalities in distribution of national income and national wealth, have stimulated sharply the advantages of collective bargaining for economic groups.

At the same time, he warned labor and industry that hostility between these groups, manifested by a constant increase in strikes, is not only imperiling national security but is inflicting untold damage to an innocent group, agriculture.

The present rule for determining the date of Easter was adopted by the Council of Christian Churches in 325 A. D. This rule says that Easter shall be on the first Sunday following the Paschal full moon, on or soon after March 21.

BOYS QUESTIONED ON PARK SHOOTINGS

Five local boys, ranging in age from 12 to 18, were questioned at city police station by Detective Lieutenant Charles W. Woldford and Scoutmaster G. W. Bassett Jr. regarding recent shootings at Boy Scout encampments at Santiago creek and at Irvine park. It was revealed today.

The boys, according to information given police and the scoutmaster, shot at the Scout flag and endangered lives of the campers. If parents of some of the campers insist, formal complaints may be filed against the five boys, it was decided; otherwise the investigation is ended.

The Public Is Cordially Invited to Attend

DON BANQUET NEXT WEEK

The Santa Ana Chamber of Commerce was going to dine and toast the Dons even had they lost to Los Angeles, but in victory it will be a happier event... Committee Chairman W. H. (Bill) Spurgeon, who has a son on the Pomona college varsity, set the date officially today... It's a week from Tuesday night (Dec. 15) at Legion hall... Leo Calland of San Diego State will be the speaker... Three hundred and twenty-five tickets, selling at 75 cents a copy, go on sale in the next day or so. The committee expects a cinch sellout. In charge of arrangements are Spurgeon, George Baker, Harold Hays Jr., John Lutz, Harold Wright and Dean of Ben Cal Flint...

Funniest sight at the Bowl: Fire marshal patrolling every aisle. The seats were so wet they wouldn't have burned with a coat of gasoline... Red lanterns in the Los Angeles sections, but like the ten-gallon hats at Pasadena last New Year's day they disappeared early...

Sam Fritz, Cub tackle, losing his pants and taping 'em on in front of the L. A. bench. A photographer surreptitiously snaps a picture. Said the announcer: Can't a guy have any privacy at all?"... "Porky" Bell, one of the big shots on the Don squad when Santa Ana thumped Los Angeles in '34, handles one end of the measuring sticks... Los Angeles using a seven-man defensive line against the Dons, first for to do so this term. The Dons were stamped for a little while by the strategy...

Bill Greshner went in for one play, remained for half a dozen before he had to give up the ghost. Coach Cook sent in Elias Mercurio to take his place after the first play but Greshner, Lehnhardt and Titensor sent him back to the bench...

Promoter Sam Sampson never put on a better wrestling match than Greshner's with Halfback Russel after the pair of 'em shared a forward pass near the goaline. Greshner must have been the better grimer. He won... There were more dirty football players on the field than at any time since the Santa Ana-Long Beach free-for-all. But this time the athletes were dirty in the sense that they were muddy. Johnny Lehnhardt won first prize...

At half-time the score was 2-0 in favor of the Dons and 11-1 in first downs... The Bowl needs two things, more lights and bigger numbers on the scoreboard. The "2" after Santa Ana's name looked like something pulled in out of the rain. The digits looked suspiciously like the ones used for baseball games in summertime... The Dons tried too many passes. Their running attack was working too well to break up the sequence... The moment of suspense when Paul Ruff of L. A. was in the clear on a forward pass. But Mac Beall came up fast and knocked the ball out of his hands. Otherwise it would have been a touchdown...

Just before Joe Herbert quick-kicked in the fourth quarter, somebody must have checked Beall on the signal. Beall's voice could be heard clear up in the coop: "Shut up!"... Mercurio, the kid who made the touchdown down for the Dons, thought he might get to go to college on a scholarship as a high-jumper in track. If he keeps improving he won't even go out for track when he gets to California. He'll be in the Bears' backfield...

John Lehnhardt played the whole game. Surrounded by a flock of reserves with impeccable uniforms, the captain looked like an old mother hen protecting her young. Coach Cook wanted Lehnhardt in there; just to keep the boys from falling apart if anything went wrong at the last minute. It will be a long time before a more valuable football player wears a Don monkey suit.

TENNIS

Dropping all men's doubles and four of the five singles matches, the Santa Ana Tennis club's netters lost an 11-4 decision at Redlands yesterday.

Only one more match remains on the Santa Ana team's Citrus Belt league schedule. This match with the Arrowhead Springs team of San Bernardino will be played here next Sunday.

Outstanding in the Santa Ana team's league season has been the undefeated mixed doubles combine of Ann Wetherell and Fred Wiemer, who yesterday turned back Miller and Turner, 6-2, 7-5, after an uphill second set.

Singles-D. Budlow (R) def. White (SA), 7-5, 6-2; S. Huerta (R) def. Ward (SA), 6-2, 6-2; Jacobs (SA) def. O. Prichard (R), 6-2, 6-3; Keith (R) def. Finster (SA), 6-2, 6-1; Jones (R) def. Davis (SA), 6-1, 6-1. Doubles-Dean and Parker (R) def. Ranner and Herman (SA); Holland and Hastings (R) def. Miller and Blakemore (SA); Gay and Dartard (R) def. Dwyer and Miller (SA), 6-1, 6-0. Women's Singles-M. Ward (SA) def. M. Chase (R), 6-3, 6-0; D. Fowler (R) def. K. Williams (SA), 2-6, 12-10. Mixed Doubles-Wiemer and Wetherell (SA) def. Miller and Turner (R), 6-2, 7-5.

Major League Trade Winds May Scatter Them About

REPORT LANDIS TO RESIGN JOB

By GEORGE KIRKSEY
(United Press Staff Correspondent)

NEW YORK, Dec. 7.—The baseball world seethed with rumors today while the major leagues marked time for the opening of their annual mid-winter meetings tomorrow. The two leagues meet in joint session Thursday.

The No. 1 rumor today was a report that Commissioner K. M. Landis, 70-year old baseball czar, was on the verge of resigning.

Landis' resignation was more than one reason why enemies of the commissioner who have reason to fear decisions he will make shortly.

There is evidence of animosity in more than one quarter for Landis. He recently cracked down on the Cincinnati Reds and declared two players free agents. He has the Bob Feller case in his lap with the power to rule as he wishes. He has a certain major league official's activities under observation.

As for the judge himself, he sits tight and talks of rainbow trout and mashie shads dead to the pin. There's more than one major league owner who wishes he knew what the judge was really thinking about. It's a 100-1 it isn't resigning under fire.

Among the important matters the club owners will discuss are:

1. Night baseball in the American league.

2. Curtailment of doubleheaders.

3. Raising the draft limit from 4 to 5 years.

4. The recent rule adopted by the minors which permits a major league club to recommend a player to a minor league club and retain the right to later acquire the player.

5. Modification of the lively ball.

6. Supervision of radio broadcasting.

In the player marts the hottest rumors, passed along for what they are worth, were:

Detroit will trade Shortstop Billy Rogell and cash to the Browns for Shortstop Lyn Lary.

The Athletics will trade Third Baseman "Pinky" Higgins to the Red Sox for Third Baseman Billy Werber and cash. Then the Red Sox will send Higgins to Cleveland for Outfielder Joe Vosnik.

The White Sox will send Pitcher John Whitefield to Cleveland for Pitcher Thornton Lee and Catcher Joe Becker.

The Cubs will get Outfielder Hank Leiber, possibly giving up Third Baseman Stanley Hack.

Washington will trade Catcher Bolton, Pitcher Whitehill and one of its outfielders, Singlet, Hill or Reynolds, for a catcher.

Pittsburgh will make a last desperate effort to land "Dizzy" Dean from the Cardinals. If Dean is traded the Cardinals will swing a deal with Brooklyn for Van Mungo.

KID CHOCOLATE IN 'COMEBACK' BATTLE

NEW YORK, Dec. 7.—(UP)—Kid Chocolate of Cuba, former featherweight champion of the world, makes his first comeback attempt here tonight in an eight-round bout with Phil Baker of Norwalk, Conn.

TUBERCULOSIS BIG PROBLEM IN CALIFORNIA

If anyone thinks that tuberculosis is no longer an important problem in California, he would change his mind in the face of the facts made public today by the California Tuberculosis association, now conducting the 20th annual Christmas Seal sale. This announcement states:

"Although tuberculosis has drop-

**MY BANKER ADVISED ME TO
Carry TUMS**

"My banker gave me some real advice when he said, 'Carry Tums in your pocket all the time. It's good to be bothered with acid indigestion, since Tums are never discovered.'

QUICK RELIEF

FROM ACID INDIGESTION...
SOUR STOMACH...HEARTBURN

MILLIONS of busy men and women have found it's wise to carry Tums always...carrying Tums means from several minutes to an hour quicker when smoking, eating, drinking, or "big nights" bring on sour stomach or heartburn. A few Tums will quickly bring scientific, thorough relief. No harsh alkalies. Non-habit forming. And, they're so pleasant to eat...just like candy. So handy to carry in pocket or purse. Buy Tums at any drug store. Only 10¢...or 3 rolls for 25¢ in the handy ECONOMY PACK. Carry Tums!

PASSES CENTURY MARK

Mrs. Julia A. Goss, 173 North Pine street, is 101 years old today. She is receiving the congratulations of her friends at the quiet observance of her natal day in her home. Many cards from distant friends are arriving. Mrs. Goss is shown in the living room of her home while near her is the old fashioned and lovely square piano which once stood in the seminary in Vermont where she taught school.

ORANGE WOMAN CELEBRATES
HER 101ST BIRTHDAY TODAY

By MARAH ADAMS

To be more than 100 years old was something that Mrs. Julia Goss always desired and today this desire was fulfilled for just 101 years ago on December 7, 1835, she was born in the little town of Ryegate, Vermont. Bright northern stars sparkled above snow covered fields in that far away time where the new born baby girl saw her first Christmas many miles from the place her wish has come true—her cozy home on North Pine street, in the city of Orange.

"We believe that private enterprise can serve all except a small fraction of the housing needs of the country and that there is no need for subsidies or governmental help for most American families.

"We believe that for the very lowest income group unable to pay economic rents or purchase homes under present conditions, low-cost housing can be provided through the setting up of limited dividend or public utility housing companies, organized locally and eligible to receive loans and assistance from federal agencies.

"We believe that the clearance of slum districts should be undertaken by local governments with financial help, if necessary, from federal agencies, but the local governments should in no case undertake to build or operate new housing facilities.

"We believe that high taxes on homes is still one of the great obstacles to better housing and that no sound national housing policy can be evolved which does not seek to deal with this factor.

"Your committee feels that these conclusions are simple and constructive and if adopted, will help us go forward with a great housing movement in America, which will take care of all parts of our population."

College Plan
Would Let \$15
Pay for Month

NORMAN, Okla. (UP)—Barracks for men students, similar to CCC camps, have been proposed at the University of Oklahoma, as a means of helping needy students attend school.

Malcolm Baucum, representative-elect from Murray county, backer of the plan, said they could be built for as little as \$250 each, with the federal government sharing half the cost.

He estimated students could attend the university for as little as \$15 a month. Rooms would cost about \$7.50 a year and would include bedding and other equipment.

Three balanced meals would be furnished the students at a cost of 31 cents daily. Baucum said. The government is serving meals at CCC camps at approximately 31 cents a day for each man. Baucum said.

The sun's temperature at the surface is estimated at about 9000 degrees F.

GROWERS TOLD
USE CARE WITH
NURSERY STOCK

Growers of nursery stock and plants should take great care to keep trees, vines and plants free of pests which come from the soil, from infected seeds and from weeds. This applies especially to plants which are grown in flats or seedbeds or are moved in flats, cans, tubs, pots or balls.

Garden Nematodes: Every lot of soil, sand, compost, manure, meat, etc., should be tested before using it by placing a good sized sample in flats and growing in it some quick growing plants which nematodes will infest if they are present; such as carrots or melons. If these test plants are found infested after two months of warm weather, or at any time, the entire lot of soil or other material should be discarded; and the place in which it had been stored should be disinfected. Discarded materials should never be placed where they may do harm but may be sterilized by baking, by steam or by carbon disulphide emulsion, or may be spread in thin layers on concrete or useless, bare alkali land and thoroughly sun dried.

Every plot of ground on which plants in flats are to be placed for hardening off or for growing or sale, should be tested in similar fashion by growing it in rows of susceptible plants. Flats or pots of plants should never be placed on infested ground. Seedbeds should never be made on ground infested with pests which may infest the seedlings.

Wilt Diseases: Top soil from old gardens or from places where any sort of truck crops have been grown in past years is liable to be infected with wilt diseases (fusarium or verticillium). Leaf mold from canyons is liable to be infected with "oakroot fungus" (Armillaria). Soils which have been used once for plant growing in flats or field are liable to be infected with the pests which attack whatever plants were grown in it. Such soils should not be used for plant growing or should be sterilized before use.

Insects: Top soil is liable to contain larvae of insect pests such as wire worms, flea beetles, cucumber beetles, rose beetles, etc. Such soil should not be used until it has been composted long enough to be rid of such pests or until it has been screened through wire screens fine enough to remove the pests or kill them.

Weeds: Some very serious crop pests such as tomato spotted wilt and aster yellows of celery are able also to infect certain weeds and may be carried from the weeds to crop plants. No weeds should be permitted to grow in plant flats, in the ground among flats, in glass houses or within a hundred yards of places where crop plant seedlings are growing.

Seed-borne Pests: Many crop plant seeds may carry pests which appear later on the plants grown from them, such as celery late blight, eggplant blight, pepper early blight and stem blight, tomato canker and early blight and bacterial stripe disease, and many others.

Included in the autographs are the signatures of John Tyler, 10th President of the United States; the entire personnel of his cabinet, the supreme court, the senate, and congress, including those of Daniel Webster and John C. Calhoun.

The volume was presented to Mrs. Elias Gumaer, wife of a government employee, who is credited with designing the first envelope for the federal government, by a group of congressmen. The Gumaers came here in 1849.

All seed should be obtained as far as possible from growers whose plantings are known to be free of such pests and should be bright and clean and free from evidence of disease. Tomato seed should be dipped for five minutes in mercuric chloride solution at a strength of one part to three thousand parts of water.

As Pests Appear: When serious

"KING EDWARD VIII REGULAR
FELLOW," DECLARES FORMER
SOLDIER IN CANADIAN ARMY

By JOHN NEUBAUER

"What do you think about the king?" someone asked the street-corner crowd as a newsboy quickly, but efficiently, placed the bulldog editions of the city papers on the rack.

The opinions were varied. Then at length, a round, middle-aged gentleman spoke up, "I think he's all right."

He scanned the headlines again, as a brisk individual puffing a disreputable-looking cigar with a gold band pulled out the second paper and walked inside to pay the clerk.

The small group watched silently, apparently reading the headlines "KING EDWARD VIII MAKES DECISION."

Then Bert Gallier, a Richfield oil worker, spoke up again, "I think the king is all right and I think he'll marry the girl whether they like it or not."

"Why?" some inquisitive soul asked.

"He's a regular fellow—the prince," Gallier spoke up. Memories of the late war flashed back for the oil worker. "As much as I had to do with him he's all right."

He apparently must be all right as often as Gallier repeated that phrase. It seemed that the oil-worker served with the Canadian forces in France in those hectic days following August, 1914, but being Scotch he told his story slowly.

The prince spoke to me twice," Gallier explained. "In France. Once in the trenches when I was fighting with the Canadians and another time when I was in a hospital. Gallier didn't say just what the contents of those conversations might have been during those days when he wallowed in muddy trenches with bursting shells lighting up a desolate scene. Nor did he say what the "Prince" said in that hospital.

It might have been just a greeting and a how-do-you-do, but the soldier had met the Prince of Wales—talked to him man-to-man.

Gallier went on to explain his theories regarding Daniel Cupid's mate that threatens to upset an Empire and has the British lion growling. "So, long live the King, God bless 'im!" Gallier might say, even though he's renounced that and is a citizen of the United States.

PET TALKS
By MRS. T. J. NEAL

When buying a dog for children, it is best to get a puppy; they grow into the ways of the family quicker. If the children are really small, get a puppy old enough to take care of itself. A tiny puppy can be mauled to death.

When a cat has a persistent choking cough, making effort to discharge something and pawing at its mouth, an examination should be made. Don't pinch or manipulate the throat. A veterinarian should examine the cat at once.

Remember your pets this Christmas. They have been faithful to you throughout the year.

A canary should never hang near a window or outside wall as every change of weather is felt. Place them near an inside wall in the coolest room in the house.

Collies have always been considered elegant companions for women. They have ranked high among the notables of Europe. Queen Victoria was the first to exhibit collies in the late '30's. International enthusiasm was at a high ebb over this breed when Princess De Pontaglion, of Liege, Belgium, exhibited her string of handsome collies at practically all the capitals of Europe. Then the American women became their chief supporters. For some time the princess resided in the United States and maintained her kennels of fine dogs. If a collie died in her kennels, it was never buried. Their bodies were preserved by taxidermists and kept in cedar receptacles and carried about from place to place. The princess was known as one of Europe's most beautiful women. She died about four years ago in Florida. Her collies were her most faithful friends.

Local students have been participating in practice debates during the past week. The Eastern conference season, however, will be opened tomorrow. San Bernardino will be met next week when Santa Ana will uphold the affirmative of the question.

Autoist Taps
Tree, Repairs
His Puncture

SINGAPORE (UP)—Repair outfit is unnecessary if there is a rubber tree handy, a Singapore motorist discovered when he was held up by a puncture 20 miles from the nearest garage.

He had no repair outfit, but he was on a trip through the rubber plantations of British Malaya—the largest rubber growing country in the world. So he set about repairing his tire in a way which no motorist, even in Malaya, has done before.

He tapped a rubber tree growing

by the roadside, spread the rubber latex over the tire and vulcanized it by heating it over a small flame. After doing this 12 times he found the puncture was satisfactorily repaired.

The art of flower arranging began in Japan in the 17th century. There are many schools, but most adhere to certain fundamentals.

Washington never occupied the White House. A few days before his death in 1799, however, he had tall spray representing Heaven, a low spray representing Earth, and a branch between the two representing Man.

All members and friends are invited to attend.

TARIFF TO BE
BIG TOPIC AT
FARM PARLEY

National publicity on the subject of tariff will be one of the many outstanding effects of discussions this week at the American and California Farm Bureau federations.

This was the consensus among Santa Ana and Orange county farm administration officials today as they prepared to leave for Pasadena to attend sessions of the convention.

In direct connection with this discussion today, the officials pointed to timely comment in the new issue of the county farm bureau news. It said, in part:

"During the campaign which preceded the general election, the large imports of agricultural products was made an issue. Much of the statistical data was distorted and used to confirm the writer's statement rather than to portray the facts."

"Since the organization of the American Farm Bureau Federation, it has continuously worked to plug the holes in the U. S. tariff walls which now permit the dumping here of agricultural products with cheap coolie labor and often under unsanitary conditions which would not be tolerated in this country."

"The conventions at Pasadena should capitalize on the national publicity given this subject and make it a major project in 1937."

SOCIETY AND CLUBS WOMEN'S ACTIVITIES

Pre-Christmas Bridge Series Is Introduced

Introducing an interesting series of pre-holiday social affairs, Mrs. R. C. Holles was joined in the initial event Saturday by her son's wife, Mrs. Clarence H. Holles, who received with her at a bridge luncheon in the R. C. Holles home, 1917 Victoria Drive.

To the charm of the home was added that of autumn foliage vividly starred with yellow and pale orange berries. Mrs. Anton Segerstrom and Mrs. Leonard G. Swales came to the assistance of their hostesses by providing great sprays of the beautiful shrubbery.

This yellow and orange color theme had one of its most interesting applications in luncheon table arrangements. For the mound of yellow sweet peas and golden ranunculus blossoms centering each linen-draped table, resolved itself into separate corsage clusters, one for each guest.

The luncheon hour had its contract sequel, which in turn was climaxed with the award of yellow and orange tied prizes to those making high table scores. This group included Mrs. A. W. Rutan, Miss Carolyn White, Mrs. Sarah Johnston, Haddon, Mrs. Z. Bertrand West, Mrs. Emrys D. White and Mrs. Robert G. Tuthill.

Others on the guest list for Saturday included Messedames James Irvine, Harry Westover, Irwin F. Landis, Earl Elson of Orange, Lloyd Chenoweth, Lewis F. Moulton, Harry T. Duckett, H. T. Dunning, J. E. Liebig, Howard Timmons, Lester Carden, D. K. Hammond, Marguerite Bormeyer, George Briggs, Wade Warner, Leonard G. Swales, Anton Segerstrom and J. E. K. Hermon.

Mrs. R. C. Holles has invitations out for a similar function for next Saturday, this party also to be staged in her home.

Stag Supper Guests Enjoy Shore Menu

An unusually delicious Sunday night supper was staged last night in the George Graupensperger home, 1110 South Parton street, where Mr. Graupensperger was host to a group of his friends at a clam bake and abalone feast.

The men were grouped around a table whose artistic arrangement had been planned by Mrs. Graupensperger with a view to men's preference for simplicity in decorative details. In preparing and serving the delectable menu, she was assisted by a little group of wives of the diners, Mrs. Norris Allen, Mrs. J. E. Lloyd and Mrs. C. F. Spencer.

Men sharing the friendly plans of their host and the typical "shore supper" included Messrs. Henry Pankey of Tustin, J. E. Lloyd, C. F. Spencer, Ernest Webb, James Nicholson, J. L. Nicholson, and Glenn Walker of Santa Ana; Carl Opp, James Regan and Norris Allen of Orange.

Bride's Aunts Entertain At Pretty Affair

Opportunity for a little group of close friends to hear an account of the trip east from which Mr. and Mrs. Stanley Reinhause have just returned was afforded Saturday night when the Richard Coudens staged a dinner in their home in Danvers.

Mr. and Mrs. Reinhause were absent several weeks, going to New York via the Panama canal, seeing the interesting things of the metropolis, and returning to California in the new automobile acquired there.

Guests were eager to hear some of their experiences both by water and by land, so conversation around the dinner table, was animated indeed.

Mrs. Couden mingled bronze and yellow tones in the chrysanthemums which she used as flower decorations, matching them with the tall dinner tapers lighting the scene. At the conclusion of the enjoyable gown in red tones; Mr. Porter's mother, Mrs. Erskine Porter, was in black with white lace trimming.

For Linen Shelves

Guests spent the afternoon hemming tea and hand towels which were presented to the young bride. In addition, she received an assortment of lovely linens from the assembled group.

Mothers of the newly-married couple, Mrs. McPhee and Mrs. Porter presided at the tea table, with its beautiful lace cloth, silver service and an oblong centerpiece of white chrysanthemums, starred with slender white bouquet tapers. Tall tapers on the buffet added their soft glow to the pretty setting. Ice cream rounds with green wedding bell centers were served with small white cakes, nuts, white mints and other dainties.

Guests of Mrs. Dennis and Mrs. Neff in addition to their niece, Mrs. Russell Porter were Mrs. Barry McPhee, Miss Shirley McPhee and Mrs. Erskine Porter, of Whittier; Mesdames Ted Shaw, J. C. Morrison, Lynn Shaw, George W. Wells, Ronald Stearns, Charles Bain, Ray Couch, Ray Lambert, Carl Seitz, and the honoree's grandmother, Mrs. George McPhee, with the Misses Marge Couch, Lucille Lambert, Betty and Natalie Neff, all of Santa Ana; Mrs. Edward T. Abbott, Glendale; Mrs. Ray Glenn Wells, Orange; Mrs. Ray Howard, Ojai; Mrs. Duff Dean, Burbank.

The bridegroom and bride already are making their home in Whittier, where Mr. Porter is with a guest, Mrs. George Wright of Santa Ana, substituting for Mrs. John Daneri of San Juan Capistrano; Mrs. Edward Brannan, Riverside; Mrs. Jesse Elliott, Mrs. Mabel Blee, Santa Ana; Mrs. Arthur Koepsel, Lemon Heights, and the hostess, Mrs. Shrewsbury.

McKinley

Plans for a cooked food sale to be held in January were made by McKinley P.T.A. grade mothers Friday afternoon when they met in the home of their chairman, Mrs. Albert Bradley, 1102 West Pine street.

The hostess served dessert to her guests, who included Mrs. John J. Mills, president of Santa Ana Council P.T.A., and Mesdames William Kredel, James Corbin, Richard Martin, Faber Bray, Jack Stone, Hattie Levering, Paul Webb, Cecil Wilson, D. F. Dreblow and Ruth.

Mr. and Mrs. Howard Timmons had as week-end guests in their Hill avenue home, Mr. and Mrs. Gerald Macomber of Fullerton.

Miss Georgianne ("Polly") Angne, daughter of Mr. and Mrs. George Angne, 701 Hickory street, was reported resting comfortably today at St. Joseph's hospital, where she underwent an emergency appendectomy last night. Miss Angne is a popular student at Santa Ana junior college, where she is social commissioner.

Funeral services are to be held Tuesday at 10 a.m. at the C. W. Coffey funeral chapel and the Rev. F. N. Nelson, pastor of the Wilmar Presbyterian church, will be in charge. Interment will be made in the family plot in Pomona.

Mr. Newell Moore discussed "Selection of Christmas Toys." The program included a demonstration on "Health" which fourth grade students presented under direction of their teacher, Mrs. Frances Hart.

President Mrs. E. D. Froeschle conducted a business meeting during which members decided to buy books for the school library and games for playground use.

Mrs. John Ball, Mrs. H. J. Howard and Mrs. Carl Schroeder served refreshments.

Mrs. Percy Clark Honored at Party

TUSTIN, Dec. 7.—The birthday anniversary of Mrs. Percy Clark was the occasion for a dinner and dancing party shared recently by members of the Pinochle club. Included in the dinner menu, shared at a Santa Ana cafe, was a pretty birthday cake. Dancing at Long Beach completed the evening's celebration.

Among those attending the celebration were Messrs and Mesdames Percy Clark, E. R. Byrne, Lyle Forney and William C. Cook. Messrs and Mesdames Clyde Daugherty and George Veech, members of the club, were unable to be present.

Announcement was made of a benefit card party which has been arranged in compliment to Miss Margie Chapman. The affair will be given Wednesday evening, December 23, at 8 p.m. in the hall, in connection with a regular meeting of the lodge.

STORIES IN STAMPS

By I. S. Klein

FOUNDER OF DANISH LITERATURE

In the early years of Denmark, the Danish language seemed to be used only for swearing at one's servants, so low in literary value was it held. But then there arose Ludvig Holberg, native of Norway, and to him the people of Denmark are indebted for the style and vigor of their literature.

Holberg, born in 1684, fought poverty for many years before he was able to educate himself and to begin producing works in literature, history, and philosophy that made him the mental giant of Denmark. Until he was 36, he had devoted his time to serious study. Then came a change to lighter writing, and his satirical poems became the rage for many years.

He continued writing comedies and satirical poems until Copenhagen was swept by a disastrous fire in 1728, and the nation went into mourning. Holberg's pen was stayed and no more was he able to repeat his valuable work. But his contributions were recognized, and he was made Baron Holberg. In 1755, he died at the age of 70. His picture appears on a stamp Denmark issued in 1934 on the 250th anniversary of his birth. The stamp is shown here.

Brain Twizzlers

By Prof. J. D. Flint

A small-time racketeer in a big city was arrested and his alibi was: "The west side gang kidnapped me and took me out on a farm to question me and I wasn't even in town the night you say I was in on that deal. On Friday two of them, masked and carrying guns, picked me up in a green car. They blindfolded me and after riding about an hour we stopped and went into a house and down into the basement. They removed the blindfold and questioned me for a while but I didn't know anything. They repeated the questioning at intervals, leaving me tied for hours at a time but they fed me so it didn't bother me much. Finally during one of the questionings one of them got mad and slugged me with the butt of a gun and I went out like a light. When I came to my head hurt and it was dark. The place was so quiet I could hear my watch ticking so I pounded on the wall and the two men came and got me. Without a word they marched me upstairs blindfolded again, took me out, and we started riding again. Finally they stopped and let me out right where they had picked me up. That was Sunday evening so you see I wasn't here at the time that deal came up."

The police found one error in the story and so discredited the whole thing. What was it?

FARM BUREAU CONVENTION TO DISCUSS DEBTS

Word was received in executive offices of the Orange County Farm Bureau today that the California convention at Pasadena this afternoon will consider a 1937 legislative program that will include state debt reduction, farmers tax exemption, and support of AAA-type marketing legislation.

As the session opened today with a vanguard of the 10,000 expected for the American Farm Bureau convention, five resolutions embodying the proposed legislation were presented to the resolutions committee by the board of directors.

The resolutions advocated:

- 1. Exemption of Farmers and Cooperative Marketing Associations, hauling their own products, from the highway transportation gross receipts tax, the Highway Carriers' Act of 1935, and the Public Utilities Act.
- 2. Support of state and national marketing legislation as exemplified by the marketing agreement of the AAA, Agricultural Prorate Act, State Marketing Act, and Young Dairy Producers' Marketing Act.

3. Reduction of the state debt as rapidly as possible without new taxes. This does not apply to so-called "equalizing" tax amendments.

4. Repeal of present laws providing for financing of the railroad commission by a percentage of gross receipts of regulated carriers. 5. Stiffening of the state trespass laws to protect farmers from depredations of careless sportsmen as trespassers.

Secretary of Agriculture Henry A. Wallace will speak Wednesday.

ROAD BUDGET FOR COUNTY TO BE PARED

The \$1,044,750 road budget of Orange county recently submitted at the budget hearing of the state highway commission, representing the desired allocation of state funds to this county, probably will be pared down by the state, it was understood today.

A. Stanton, of Anaheim, member of the state highway commission, was quoted as predicting the probable slashing of the Orange county budget, due to lack of state funds to cover all county budget requests.

The various county budgets thus face reduction, to get them within the limits of the state finances, it was stated.

GENERAL DOWNEY CALLED BY DEATH

LOS ANGELES, Dec. 7.—(UP)—Gen. Francis G. Downey, 101, brother of California's Civil War governor, John G. Downey, died at his home last night from the infirmities of old age.

General Downey came to California from Oregon more than 60 years ago and helped found the town of Downey. He retired when he was 90 from service as geologist and oil scout for the Standard Oil company. His wife survives.

NEW TRAFFIC SIGNS ARE PLACED TODAY

Street Commissioner Ernest Layton and Officer J. W. Foster today set up the first nine "girl traffic officers," warning signs at school neighborhoods.

The design, originated by Officer Foster and carried out in construction at the city garage, shows a little school girl holding a "slow" sign. The "girls" made of sheet metal, were placed there today: Flower and Lowell; two at Fairview and Broadway; two on 17th street, and two on East Santa Clara. Others will be placed as constructed later.

JURY RESUMES INQUIRY INTO OIL CONTRACT

The county grand jury today resumed its investigation of details connected with a county road oil contract with the Eden Refinery company, of Huntington Beach, two county supervisors being among the witnesses summoned before the inquisitorial body.

Besides recalling Chairman John Mitchell, of the county board, and Supervisor N. E. West, of Laguna Beach, who had not appeared in the road oil investigation until today, the grand jury also summoned John Ackerman, advertising manager of a Santa Ana weekly publication, presumably to ascertain his knowledge of the road oil contract, and the quality of oil furnished the county under it.

Ackerman became involved in a controversy with Highway Superintendent Nat H. Neff over the release of laboratory reports covering samples of the road oil, and the matter was taken to court by Ackerman in an effort to get a court order compelling Neff to release the laboratory report con-

FIVE ARRESTED ON CHARGES OF DRUNK DRIVING

Five persons were arrested during the week end in Orange county on drunk driving charges.

Arrested November 28 and fined \$150 by City Judge J. G. Mitchell for drunk driving, Fred H. Epperson, Jr., 21, Anaheim, was arrested again yesterday morning, here, and jailed for the same alleged offense. For the second time, Epperson pleaded guilty when he appeared in court today was given 100 days in county jail in lieu of paying \$200 fine.

Others arrested on drunk driving charges were: I. T. Murdoch, 29, Huey, 27, Wilmington; Wilmer Evans, U. S. S. Lexington; B. L. Ans, Midway City, and Lupe Estrella, 24, route 2, Anaheim.

Twenty-seven persons were jailed during the week-end on drunk charges. Fourteen of the number were arrested by Santa Ana police.

The directors' report was given by L. P. Holderman, of Anaheim, in place of A. Smiley. J. W. Crill outlined the program for the State and National Farm Bureau convention to be held in Pasadena this week. In urging members to attend he stressed particularly the barbecue on Wednesday at Brook-

side Park.

Door prizes in the form of tick-

BANKS REVEAL MANY EASTERN RESIDENTS IN SANTA ANA TO ESTABLISH PERMANENT HOMES

By NEIL SHAW

Prediction that the city of Santa Ana would grow substantially and gradually from its present estimated population of 35,000 to a city of at least 50,000 in the next five years, today rode the crest of a new wave of optimism over the future outlook of the locality in financial, business, real estate and other quasi-civic circles.

This prediction was encouraged in the course of an informal survey made by The Register following receipt of definite reports from all banking institutions in the city that new accounts had taken sharp upswing in the last two months.

"New accounts are coming in at the rate of an average of from 15 to 20 a day, and a good percentage of these accounts have been opened by substantial Easterners," declared an officer of The First National bank when interviewed concerning first reports.

Report Increases

Officials of the Commercial National bank, the Security First National Bank of Los Angeles branch, the Bank of America, and other similar institutions in the city, gave the same reports of increases in accounts, and substantiated the claim that scores of newcomers are planning to make Santa Ana or Orange county their permanent home.

"One of the outstanding men of the community recently said in our offices he had facts to support the prediction of a rapid growth of the community in the

The Mixing Bowl

By Ann Meredith

Poached eggs with bacon curls can be very delicate if the toast is spread with this cheese mixture: Mash one small package of cream-style cheese with a spoonful of mayonnaise, a pinch of salt, and two generous squeezes of a tube of anchovy paste. Mix smoothly and use on toast instead of butter (try the cheese anchovy toast with grapefruit-avocado salad, too).

The cheese anchovy paste elevates the lowly poached egg to the elegance of a special luncheon or supper dish.

"We might say in direct connection with this," Wood continued, "that a week never passes here but what we receive inquiries from at least four or five prosperous heads of families who are seeking either business or residence properties in the city. It is extremely interesting to note in these instances that persons making the inquiries are obviously of a substantial nature, and people who are financially able to contribute largely to the growth of the city and its general and wide-spread interests.

"In helping these persons to contact reputable business executives, we have learned conclusively that Santa Ana has probably fewer vacant business locations and places of residence as any city of its size on the Pacific Coast."

Weekly informal reports at the meetings of the Santa Ana Realty Board have indicated an upturn in that field, and have spread assurance that the city is headed for a certain gradual growth that will bring new prosperity.
